

auf wiedersehen, goodnight

**My sleepy head rested on your shoulder
Lost inside Grimm's Fairytales
My senses heightened as you read,
And in the end true love prevailed**

**Closing the book to my world of wonder
Lovingly giving my cheek a peck
And as you tucked me in,
The covers pulled securely to my neck,**

**We sang out our long goodbye
Taking turns 'til you were out of sight
"Arrivederci, Au Revoir, Adios
Do Svidaniya, Auf Wiedersehen, Good Night"**

**I wished that I could hold you forever
My youthful longing to stay
Wrapped up in your assuring arms
'til slumber finally had its way**

**Swiftly approaching your journey's end
Now I am grown, yet feel so small
And as I tuck you in,
I still hear your warm voice calling down the hall**

**Singing out our long goodbye
I don't want to leave your side
Arrivederci, au revoir, Adios
Do Svidaniya, Auf Wiedersehen, Good Night**
