

Did It Did or Did It Didn't

**You say that you're done
You've had your fun
You tore my heart in two
I wasted time
Thinking you might just have some depth to you**

**They warned me once
That you were just
A player who was cruel
I answered twice
Took no advice
This fool has gone to school**

-Chorus-

**Did it Did or Did it Didn't
Mean a Thing to You?
And if it did would you admit it
Or deny that you were in it?
I took a chance on your advance,
Thought this would be a fine romance,
Did our love mean anything, mean anything to you?**
